 - Comments on: The Discussion Documents of April 5th, 2009 & March 31, 2009
 - Comments on: Developing a High Impact Strategic Plan for 2028, including comments on:
 - Evaluation and assessment of current status
 - Analysis of internal and external trends
 - Benchmarking and Competitive Analysis
 - Best practices -Elements of a great university
 - Quick wins
 - Scenarios and strategic alternatives
 - Mission, Vision, Values
 - Organization changes
 - Strategic plan implementation – Key Performance Indicators KPIs
 - Strategic plan implementation – Risk management.
 - Discussion of the challenges that would face the implementation of KSU strategic plan, e.g., adaptability of KSU strategic plan to embrace unplanned changes in environment including new outstanding threats and new emerging opportunities as well as potential changes in benchmark metrics that might arise over the next 20 years.

7.2. Supervision of MSc Students

Supervised 27 PhD and MSc students including the following recent past 6 years topics at the department of Computer Science, CCIC, KSU:

1. Extreme Programming in Educational Environment, 2003-2004
2. Development of a software tool for Autistic children, 2003-2004
3. Steganalysis: Improving the F5 Algorithm, 2004-2005
4. Object Oriented Metrics, 2004-2005
5. Work Flow Management, 2004-2005
6. Software Cost Estimation, 2004-2005
7. Automated Testing, 2005-2006
8. Component Based Development, 2005-2006
9. Steganography: Experiments with Outguess Algorithm, 2005-2006
10. Stress Testing, 2006-2007
11. Automated Testing in Software Education, 2006-2007
12. Face Recognition Systems using Neural Networks, 2007-2008
13. Risk Management in Extreme Programming, 2007-2008
14. RFID Mass Detection, 2007-2008
15. Text Steganography for Arabic carriers, 2008-2009
16. Face Recognition using PCA, LDA, SVM techniques, 2008-2009
17. Software Quality using Balanced Score Cards and 6 Sigma, 2008-2009
18. Text Steganography,, running
19. Electronic "Tadawol" system in KSA Financial Market, 2008-2009
 - o in cooperation with **Gulf University in Bahrain**.

7.3. Grants and Research Projects

7.3.1. Grant from the Ministry of Higher Education, Projects Management Unit (PMU), Information and communication Technology Project (ICTP), Egypt:

- Director of the ICT project for "Establishing and Implementing Electronic Portal for Benha University", Sept, 2009.

7.3.2. Grants from the Center of Excellence in Information Assurance, KSU

The following researches were supported by the Center of Excellence in Information Assurance (CoEIA), KSU:

- Principal investigator: Face Recognition using Evolutionary Approach, 2008.
- Co-investigator: Image Signature, 2008.

7.3.3. Grants from the Research Center, CCIS, KSU

Principle investigator of the following researches supported by the Research Center of the College of Computer and Information Sciences at King Saud University:

- Extreme Programming in Education, 2005.
- Mobile finder, 2006.

- Development of an Attendance System, 2008.

7.3.4. Grants from the Egyptian Universities Council, Cairo, Egypt

Co-investigator of a research project on MSF desalination plants. The task included modelling and computer simulation of the dynamics of MSF,

7.4. University Committees

7.4.1. At the College of Computer & Information Sciences (CCIS), King Saud university (KSU), Saudi Arabia:

1. Council of the Deanship of Higher Studies, KSU 2006-2009
 - This is the highest level KSU council in charge of higher studies within the university including PhD and MSc thesis proposals reviewing and approval.
2. Permanent Committee of Scientific Programs, Deanship of Higher Studies, KSU. 2006-2009
This permanent committee is in responsible of the scientific programs in KSU scientific colleges. The tasks include:
 - Assessment, benchmarking and approval of the newly proposed PhD and MSc programs
 - Evaluation of running PhD and MSc programs.
3. Council of PhD programme, CCIS, 2008-2009
 - This council is responsible of all the tasks related to the joint PhD program in the college of Computer and Information Sciences; this includes: curriculum development and course specification of the Joint PhD Programme, students registration, students files evaluation, entry exams, students acceptance, qualification exams, comprehensive exams, etc.
4. Council of Research Center, CCIS, KSU, 2005-2009.
 - This council is in charge of all research activities within the college of Computer and Information Sciences; this includes: research proposals technical and financial assessment, grants approval of research proposals, monitoring approved researches via assessment and approval of progress report, technical approval of final reports of approved reports, approval of completed researches for publications, etc
5. Evaluation committee of Master Programs, CCIS, KSU.
6. PhD programme committee, CCIS, KSU.
7. Software Engineering programme committee for curriculum design of the department of Software Engineering, CCIS, KSU.
8. Information Technology programme committee for curriculum design of the department of Information Technology, CCIS, KSU.
9. Postgraduate committee, department of Computer Science, for curriculum design of the Masters and PhD programs in the department of Computer Science, CCIS, KSU.
10. BSc graduation Projects Committee, Department of Computer Science, CCIS, KSU.
11. PhD interview committee, department of Computer Science, for interviewing PhD students in view of acceptance in the PhD program in the department of Computer Science, CCIS, KSU.
12. MSc project committee, Department of Computer Science, CCIS, KSU.

7.4.2. At the Faculty of Computers and Informatics

13. Senate member (College Council), 2010-2011

7.4.3. At the Faculty of Engineering, Shoubra, Cairo Egypt :

14. Senate member (College Council), 1984-1988 & 1995-1999
15. Higher Studies and Research committee
16. Information Technology Committee (chairman).
17. Environment Committee.
18. Student Affairs Committee.
19. Energy committee.

7.4.4. At the Faculty of Science, King Abdul Aziz University, Jeddah, Saudi Arabia:

20. Senate member (College Council) , 1989-1993.
21. Higher Studies and Research committee.
22. Information Systems committee.
23. Professional Day committee.

[\[Top\]](#)

7.5. Teaching

- Taught many course at under- graduate and Post graduate levels, including the following courses in the three departments (CSC: Computer Science dept, CEN: Computer Engineering dept, and IS Information Systems dept) at the College of Computer & Information Sciences (CCIS), KSU:

Post-graduate level

1. CSC 540 Software Engineering 1
2. CSC 544 Software Engineering 2
3. CSC 541 Advanced Software Engineering
4. CSC 548 Software Project Management
5. CSC 547 Software Measurements
6. CSC 572 Computer Graphics
7. CSC 598 MSc Project 1
8. CSC 599 MSc Project 2
9. IS 550 Information and Application Engineering.

Under-graduate level

10. CSC 342 Software Engineering
11. CSC 112 Programming 1
12. CSC 496 BSc Project 1
13. CSC 497 BSc Project 2
14. CSC 495 Selected Topics
15. IS 361 Operations Research (IS: Information Systems dept)
16. IS 496 BSc Project 1 (IS: Information Systems dept)
17. IS 497 BSc Project 2 (IS: Information Systems dept)
18. CEN 496 BSc Project 1 (CEN: Computer Engineering dept)
19. CEN 497 BSc Project 2 (CEN: Computer Engineering dept)

[\[Top\]](#)

- Taught many under- graduate courses at the department of Computer Science, Faculty of Science, **King AbdulAziz University:**
 20. Discrete Mathematics
 21. Systems Analysis and Design
 22. Database Design
 23. Linear Programming
 24. Computational Numerical Methods
 25. Graduation Project

- Taught many under and post graduate courses at Ecole Central de Lyon, France and INSA Lyon France
 - 26. Probability and Statistics
 - 27. Computational Turbomachinery (post graduate)
- Taught many under and post graduate courses at the Faculty of Engineering at Shoubra
 - 28. Numerical Analysis
 - 29. Computer Programming
 - 30. Systems Analysis and Design
 - 31. Advanced Numerical Analysis and Optimization (post graduate)

 - 32. Computational Fluid Dynamics (post graduate)
 - 33. Thermodynamics
 - 34. Turbomachinery
 - 35. Graduation Project

7.6. Curriculum Experience

- Curriculum development and course specification of the Joint PhD Programme in Computer and Information Sciences, College of Computer and Information Sciences, King Saud university. 2006 -2007.
- Curriculum development and course specification for the Software Engineering programme, Software Engineering department, College of Computer and Information Sciences, King Saud university. 2006.
- Curriculum development and course specification for the Information Technology programme, Information Technology department, College of Computer and Information Sciences, King Saud university. 2004.
- Master programme curriculum development and course specification, Department of Computer Science, College of Computer and Information Sciences, King Saud University, 2002.
- Curriculum development, Tiba Training Institute, Madina, Saudi Arabia, Feb, 2002.
- Curriculum development and course specification for undergraduate level, Faculty of Engineering at Shoubra, 1998-1999.
- Master programme curriculum development and course specification, Faculty of Engineering at Shoubra, 1998-1999.
- Curriculum and course materials development using teaching-by-objective approach for the modernization program of the Egyptian Air Force Academy. TELEMEDIA Inc.(Educational Consultants based in Chicago, U.S.A.).
The task included design of course syllabi and development of student study guide, instructor guide, laboratory manuals, computer aided instruction and overhead transparencies, 1987-1988.
